## 3K300T47PVFP

Shut-off coupling with valve and connection for flexible tube (Series 1A), Spring made of PEEK

### Technical data

Connection	DN09/12
Material Body	PVDF
Material O-ring	FKM
Pressure Stage	PN8
Material Spring	PEEK

starting from the nominal pressure rating (20°C), the permissible pressure reduces with increasing temperature!

All data in mm; Illustration exemplary
